

footprints[®]

Safari Shoe Stickers

helps kids put their shoes on right first time!

Footprints Shoe Stickers help kids tell their left from their right so they put their shoes on correctly, and do so all by themselves. The simple concept of matching split animal images makes identifying left and right shoes instinctive.

Help kids feel independent, self-confident and self-sufficient

Promotes problem-solving

Are fun and educational

Require no reading - simply match the animal halves!

Footprints Shoe Stickers are made of moisture-proof vinyl that withstands wear and tear and is durable. They can be adhered to a variety of materials such as cloth, vinyl, leather, and plastic. (Note: The sticker material does not adhere well to certain bumpy, textured shoe materials).

R 55 per packet of 4 sets of Footprints "Safari" Stickers - Order Code: FP01

Price and product details correct as at December 2011, subject to change without notice
